

Guitar Finishing

Class Code: CNC070717

Description: If you took one of our Acoustic Guitar classes and built your own guitar, then this class will give you the opportunity to complete the high quality finish that it deserves. Luthier Nicholas Cioni will demonstrate the step by step process that will result in a glassy smooth finish that brings out the natural beauty of the wood in your guitar. Although this is not a refinishing class, if you have a stringed instrument that has been stripped down to bare wood and is now ready for a finish, please contact the instructor at ncioni@yahoo.com to see if this class could meet your needs too. Experienced and first time luthiers alike can create a professional guitar finish in this class.

Instructor: Nicholas Cioni, professional luthier and operator of Cioni Guitars – Maker of traditional Spanish classical guitars and fine stringed instruments. Other instruments include: ukuleles, steel-string acoustics, arch tops, and acoustic basses.

Instructor Contact Information: ncioni@yahoo.com

Location: CU Woodshop School of Woodworking, 1302 Parkland Court, Champaign

Class Dates/Times: 7/7/2017 – 7/9/2017
Fri, 6pm-10pm; Sat-Sun, 9am-5pm

Number of students: 3 (min) to 6 (max)

Cost: \$450.00 (includes all finishing materials)
Sign-up Deadline: June 23, 2017.

Prerequisites/skill level required: Take our 'Build An Acoustic Guitar!' class so you have a guitar to finish.
